# Hartford Infant & Preschool and Hartford Junior School

# Accessibility Policy

Lead person: Mrs Vicky McGregor Adopted by Governors: January 2024 Reviewed: Every 3 years

#### Background Information and the Law

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- maximise the extent to which disabled pupils can participate in the curriculum;
- improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities, and services provided;
- improve the availability of accessible information to disabled pupils.

According to the Equality Act of 2010 a person has a disability if:

- they have a physical or mental impairment and
- the impairment has a substantial and long-term adverse effect on their ability to carry out normal day to day activities.

The Equalities Act 2010, outlaws discrimination by schools and the Local Authority against either current or prospective students in their access to education.

Under the <u>Special Educational Needs and Disability (SEND) Code of Practice</u>, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer. Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

#### **Our Mission Statement**

At Hartford Infant and Preschool and Hartford Junior School we provide high standards of teaching and learning in an environment where each child is valued as an individual and encouraged to achieve their potential. We are committed to inclusion and want every child to be fully involved in all aspects of school life. We have high aspirations for all our children and want them to be independent, engaged learners who have high self-esteem. This is particularly important for our children with SEND. Staff work with determination, diligence, and compassion to ensure children's needs are catered for in all areas of school life and reasonable adjustments are made to provision. Our aim is to treat all pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

#### **Our Vision**

At Hartford Infant and Preschool and Hartford Junior School we will bring out the best in everyone by becoming a community of active learners and creative thinkers, with the highest aspirations for ourselves and others. This vision is supported through our curriculum which can be made bespoke to meet individual needs.

#### At Hartford Infant and Pre School and Hartford junior School we will:

- take all reasonable steps to ensure lessons, trips, experiences, and activities are available to all pupils irrespective of any physical or mental disability;
- ensure all staff are trained and supported to meet the needs of our children on roll;
- monitor progress and attainment of any child with a disability and put in place actions to bridge any gaps;
- review our curriculum content to ensure any issues linked to disability or accessibility are addressed.

This plan is available online on the school website, and paper copies are available upon request. Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

The Cam Academy Trust and local governing body are responsible for ensuring systems are in place to support disabled students, staff and visitors to the school so that they are not disadvantaged.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including parents of children with SEND, staff and Governors.

This policy complies with our funding agreement and articles of association.

## Action plan – Hartford Infant School and Preschool

4. Monitoring arrangements

The above aims will be delivered within a reasonable timeframe, and in ways which are determined after taking into account pupils' disabilities and the views of parents and pupils. In the preparation of an accessibility action plan, the LA and CAM Academy Trust must have regard to the need to allocate adequate resources in the implementation of this action plan.

The CAM Academy Trust and local governing body also recognises its responsibilities towards employees with disabilities and will:

- monitor recruitment procedures to ensure that individuals with disabilities are provided with equal opportunities.
- provide appropriate support and provision for employees with disabilities to ensure that they
- carry out their work effectively without barriers.
- undertake reasonable adjustments to enable staff to access the workplace.

This document will be reviewed every 3 years but may be reviewed and updated more frequently if necessary or if the school is refurbished

Approved by the Governing Body on \_\_\_\_\_
